Student Resource Scheme

Annual Parent Information Letter

Dear Parents/Guardians,

This letter contains important information about the 2023 Student Resource Scheme (SRS) including how the scheme operates and the annual participation fee.

The Queensland Government supports students' education by providing funding for:

- Instruction, e.g. teachers
- Facilities, e.g. buildings, amenities, furniture
- Administration, e.g. staffing and resources to administer the operations of the school.

Funding does not extend to individual student resources such as textbooks, computer or musical equipment for personal use, and many items used/consumed by the student in the classroom. Supply of these items is the responsibility of parents.

To provide parents with a cost-effective alternative to purchasing textbooks and/or resources elsewhere, Cavendish Road State High School operates an SRS for 2023.

The scheme ensures that students have the resources required for them to engage with the curriculum for their education, and saves parents time and money in sourcing the prescribed materials elsewhere. Savings are gained through the school's bulk purchasing practices and hiring arrangements. The scheme is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the resources and operation of the scheme.

The scheme's operation, resource inclusions and participation fees were approved by the school's P&C Association at the meeting held on 18/10/2022.

SRS Participation

The objective of the scheme is to provide a convenient and cost-effective way for students to access the educational resources necessary to enhance their learning experience at school. The Department encourages parents to participate in the scheme. Participation in the SRS is optional, and no obligation is placed on a parent to participate. Participation is for the duration of your child's enrolment at the school.

Student is new to the school.....

Parents are required to complete and return the SRS Participation Agreement Form when joining the scheme for the first time. If no participation form is received by 3/02/2023, the school will take the view that the parent has chosen to opt out of the SRS. The parent is then required to provide the educational resources listed in the SRS for their child. A parent can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form.

Continuing student of the school....

A parent's participation or non-participation in the scheme will continue as per their previously completed Participation Agreement Form. A parent can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form.

If a parent has opted out of the scheme the parent is required to provide the educational resources listed in the SRS for their child by the start of the school year.

Resource Inclusions

All resources included in the SRS are detailed in the link to [SRS Resource list](#). This list is also available on the school's website. This is a comprehensive list of all resources included in the scheme and their associated costs.

Parents must inform the school if items on the list of resources are not received by their child when resources are distributed.

Type of Resources provided

Generally, the three types of resources that could be included are:

- Owned – these items are retained by the student and used as required (e.g. stationery, exercise books, student diary).
- Used – these items are used/consumed in class by the student (e.g. industry technology/cooking/art supplies).
 - work/items produced from these resources will remain the property of the student.
- Hired – these items are hired to the student for their personal use for a specific period of time (e.g. textbooks, musical instruments, laptops).
 - Hired items must be returned to the school in good condition at the end of the hire period or if the student leaves the school.
 - A repair or replacement cost may be charged to the parent for any hired items that are damaged or not returned.

Costing Methodology

The schools SRS fee is calculated based on:

1. A flat fee for all students in the school, OR
2. A flat fee for a cohort group of students (e.g. a year level), OR
3. A fee determined by the subjects selected by the individual student.

Please refer to the [SRS Resource list](#) for the associated costings.

The Textbook and Resource Allowance

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students. For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation in the SRS. Information on the TRA can be found on the department's website (<https://education.qld.gov.au/about-us/budgets-funding-grants/grants/parents-and-students/textbook-resource-allowance>).

Year level	TRA Rate
Years 7 to 10	\$136 estimate
Years 11 to 12	\$295 estimate

The SRS Participation Fee

The SRS fee payable for the year is available in the attached information and published on the school's website.

This also includes the TRA component which has been deducted to reduce the SRS fee payable.

* If the cost of the SRS is equal to the TRA rate, no SRS Fee is payable.

Financial Hardship

Parents experiencing financial hardship who are currently participating or wish to participate in the SRS should contact the school to discuss available options in confidence. Financial hardship arrangements to not continue from year to year and parents experiencing financial hardship must contact the school each school year to discuss available options.

Payment Arrangement

Several payment options including a single payment for the full year's fee or term instalments are available. An instalment plan can also be negotiated with the school.

Any unpaid invoices, will be managed according to the department's Debt Management Procedure and may result in the student being excluded from the scheme and/or from participating in non-curricular activities until payment is made (<http://ppr.det.qld.gov.au/corp/finance/accounts/Procedure%20Attachments/debt-management/debt-management.pdf>).

Payment Method

SRS payments can be made by QParent/BPOINT, BPAY, EFTPOS (Credit/Debit Card), Cheque, Cash, Centrepay.

- Payment may be made through the QParents portal using a credit card. Payment will be directed from the QParents portal to BPOINT where relevant outstanding invoice information may be selected.
- When paying by BPOINT, please use the Customer Reference Number (CRN) and invoice number printed on the invoice received from the school. If unsure of the CRN, please contact the school.
- Centrepay Deductions are available to pay the SRS fees. Use Centrepay to make regular deductions from your Centrelink payment. Centrepay is a voluntary and easy payment option available to Centrelink customers. Go to humanservices.gov.au/centrepay for more information on how to set up your Centrepay deductions.

Contact Us

For all queries regarding the SRS and its inclusions, please contact and arrange an appointment with Finance on 3394-0777 (srs@cavendishroadshs.eq.edu.au).

Please complete the SRS Fee Payment Arrangement Form and return to the school finance office by 18/11/2022 only if you wish to change your previous arrangement.

Year 9

Student 1 to 1 Laptop Program 2023

Participant's agreement

Cavendish Road State High School

September 2022

Cavendish Road SHS 1 to 1 Laptop Program

- 1.1 Many schools in Australia and worldwide are moving towards implementing 1 to 1 programs, also known as ‘anywhere anytime’ programs. These provide students with a personal, portable computer to enhance the opportunities for learning. The devices help school to engage the generation of ‘digital kids’ by nurturing individual (1 to 1) learning experiences.
- 1.2 Students who have their own laptop have been found to take greater pride and ownership over the knowledge they create. Laptops are being used in ways that deepen the understanding of concepts and advance knowledge of how to use digitally rich ICT environments. 1 to 1 programs have been found to extend formal learning communities to include parents, siblings and other people.
- 1.3 All computers, including laptops or notebooks used in this program are the property of the Department of Education and Training regardless of funding revenue i.e. School, Federal or Parents & Citizens. The details of future ownership are outlined in Part A: Terms and Conditions.
- 1.4 In order to maintain the security of the network, support the Managed Operating Environments (MOE and MOE CFS) and to ensure continuity of service to all students, departmental policy, *ICT-PR-004: Using the Department’s Corporate ICT Network* advises schools to “ensure students do not connect solely privately owned devices to its corporate ICT network.
- 1.5 The 1 to 1 Laptop Program supports solely school-procured and owned ICT assets being provided to students for educational use at school and at home. *Legitimately owned copies of games are permitted but inappropriate game use during school classes will result in games being disabled.* It does not support an ownership model whereby privately owned devices are connected to the network.
- 1.6 Other factors influencing this decision include:
 - Continuity of service - repairing devices on-site
 - Continuity of service - provision of “loan” devices as part of the repair process
 - Single operating platform which is upgraded on a whole school basis
 - Nominated software loads which may vary for each level of student
 - Automatic upgrades with additional software titles as part of the program
 - Availability of spare parts and in-school service and advice

Terms and conditions - 1 to 1 Laptop Program

1. Principles

- 1.1 In accordance with the *Education (General Provisions) Act 2006*, the cost of providing instruction, administration and facilities for education of students enrolled at State schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.
- 1.2 The School operates a Student Resource Scheme – 1 to 1 Laptop Program that enables a Parent/Guardian to enter into an agreement with the School and provides for the use by the student of a laptop for a specified participation fee.

2. Benefits of the scheme

- 2.1 The purpose of the scheme is to provide the Parent/Guardian with a cost effective alternative to purchasing a laptop, through providing access to departmental-owned laptops purchased at reduced prices through the school’s bulk purchasing practices. Such provision is an education service that is not met by the State under s.50 (2) of the *Education General Provisions Act 2006*.
- 2.2 Provided the Parent/Guardian agrees to participate in the Student Resource Scheme, they will be given the right to “hire” the laptop for the duration of the agreement. At the end of the agreement the equipment will be returned to the School in a non-damage and working state. No GST is payable.
- 2.3 The scheme also ensures that students have a laptop for their education that can be safely connected to the Departmental network and saves the Parent/Guardian time and money in sourcing the prescribed materials elsewhere.
- 2.4 The Student 1 to 1 Laptop Program is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the operation of the scheme.

3. Parties involved

- 3.1 This Agreement is between the State of Queensland acting through the Department of Education and Training in particular via Cavendish Road SHS (hereafter called “the School”) and the Parent/Guardian in relation to provision of computer equipment to the Student.

Part A: Terms and Conditions - Student Resource Scheme – 1 to 1 Laptop Program – Participant’s agreement

3.4 The equipment is provided to the Student and remains the property of the School at all times. The student is responsible for the safe keeping at all times of the laptop. Parents are responsible for the supervision of the laptop outside school hours.

- 7.1 The School agrees to provide the Laptop to the Student/Carer from the date all parties sign this Agreement and financial obligations have been met.
- 7.2 Subject to clause 7.3, the provision continues until the end of the agreement.
- 7.3 The provision may be ended earlier, at the School's absolute discretion, if:
- the Student is no longer enrolled with the School;
 - the Student is excluded from the School;
Note: The Laptop may be retained within the school during any period of suspension.
 - if, in the opinion of the School, the Student is not meeting the School's behaviour and educational requirements, including absenteeism, fall below 80% without appropriate justification;
 - the Parent/Guardian fails to comply with this Agreement, the Student Network / Internet Access Agreement, the Student Resource Scheme payment schedule and the School Internet Usage Policy; or
 - the Student fails to comply with the included *Laptop Rules for Students* or the School's Student Network / Internet Access Agreement and the School's Internet Usage Policy.

8. Ownership of laptop

- 8.1 This Agreement does not give the student ownership of the Laptop. The school retains ownership of the Laptop during the term of the provision.
- 8.2 This Agreement and the School's delivery of the Laptop to the Student does not constitute a transfer of ownership, or the obligation to transfer ownership, of the Laptop to the Student or Parent/Guardian.

9. Status of laptop

- 9.1 The Laptop being provided to the Student will be in "as new condition" and may/may not have minor cosmetic scratches.
- 9.2 Students will be responsible for the care of the laptop, charger and case at all times and any damage that may occur. The parent will be responsible for costs.
- 9.3 The School may demand the return of the laptop for any reason, for example, to upgrade software, to inspect hardware or software's operational performance, if there is suspected misuse of the laptop and to verify that it is being used in accordance with this Agreement and the Laptop Rules for Students.

Part A: Terms and Conditions - Student Resource Scheme – 1 to 1 Laptop Program – Participant's agreement

10. Fee for provision of laptop

- 10.1 If the parent / guardian and student opt to participate, a Student Resource Scheme – Student Laptop Program fee will be due and payable by the parent / guardian.
- 10.2 In the event of loss or damage to, or caused by, the Laptop, see Clause 15 & 16 Loss or Damage and Repair.

11. Connection to the internet

- 11.1 At school, the carriage service and connectivity to the internet is governed by the *School's Student Network / Internet Access Agreement and the School's Internet Usage Policy*. The School reminds the Parent/Guardian of their obligations under this agreement.
- 11.2 The department provides a web filtering system to protect schools from malicious web activity and inappropriate websites. Students' Internet browsing on departmental owned laptops installed with the MOE CFS build is filtered at school and at home.
- 11.3 No web filtering system can be 100% effective and students and/or parents should notify the school as soon as possible if an unsuitable website is accessible when using the laptop so that the school can take appropriate action.
- 11.4 Connection to the internet will be provided by the school whilst on school premises (subject to monthly quota limits). Connection to the internet outside of school premises is the responsibility of the student and parent/guardian.
- 11.5 If Internet access at home occurs through private internet providers and is unfiltered, it is the Parent/Guardian's responsibility to monitor student Internet usage. The School accepts no responsibility for consequences of internet access outside the school and will seek to enforce any breach of policy found on a departmental-owned laptop regardless of whether the breach was done at home or not (e.g. cache files for internet browsers containing pornography).

12. Improper use

- 12.1 The Parent/Guardian must ensure that the Laptop is not tampered with in order to connect to internet services inside and outside the school and that the laptop is not used:
- for any illegal, pornographic, fraudulent or defamatory purposes; including use of any operating system other than that supplied;
 - for bulk transmission of unsolicited electronic mail; for anything other than educational use on the school network infrastructure;
 - to send or cause to be sent any computer worms, viruses or other similar programs;
 - to menace or harass another person (or used in a way that would be regarded by a reasonable person to be offensive);

- 13.1 The software loaded on the Laptop is licensed to the Department of Education and Training or the School. The Parent/Guardian must ensure that the software is not copied, deleted or transferred, for any reason at all, without prior written consent from the School. Unauthorised use may breach copyright laws and the Parent/Guardian may be held liable for any damages incurred.
- 13.2 Students have the right to install additional software onto their laptop at the discretion of the Principal. However, only licensed software can be installed. The student must hold a valid licence for any software installed and the licence must be appropriate for installation on a school owned laptop. Laptops may be periodically audited by the school and the student asked to present a valid licence for any software which has been installed.
- 13.3 Should the laptop require repair, the hard drive may need to be reformatted and the laptop returned to its originally issued state that is, with the Managed Operating Environment and departmental and school software installed.
- 13.4 The school is not responsible for restoring any programs, music, pictures or other data which may have been installed by the student. Students are responsible for backing up any work or installed software on the laptops.
- 13.5 In addition, at the conclusion of this agreement, all installed software and data will be removed and the laptop restored to its original manufacturer's state.

14. Virus protection

- 14.1 Computer viruses, malware and malicious code have the potential to severely damage and disrupt operations within the School and the Department's networks. They can also be costly to restore the network, infected hardware or software to its previous state and operability.

14.4 Students have the right to use their laptops at home for limited personal use. If accessing the Internet from home via cable, ADSL or wireless, they should take all steps to protect the school-owned laptop and the department’s computer network from virus attacks, including never disabling the installed anti-virus software.

14.5 Within the constraints of the departmentally supplied software, the Parent/Guardian must take reasonable steps to prevent malware or malicious code from infecting the laptop.

15. Repair and maintenance

15.1 A manufacturer’s warranty may apply to the Laptop for some of the period of the provision.

15.2 Students must not “personalise” their laptops in any way by using felt pens, stickers or other marks. Laptops will be identified as belonging to a particular student in a manner determined by the school. Such identification is not to be tampered with.

Should a device be unrecoverable, the cost of replacement after 3 months is as follows:
- All cases: full current replacement cost.
- 16.8 Wilful and malicious damage: Where a school determines that damage has been intentionally caused to a device or a student has disrespected school property, the full cost of repair or replacement will be charged.

- 17.2 Where an item is not returned, the Parent/Guardian will be responsible for payment to the scheme of the replacement cost of the item. Failure to make payment may result in debt recovery action being undertaken including, where warranted, referral to an external debt collection agency and a Police report will be lodged. This may result in extra costs being incurred by the Parent/Guardian.
- 17.3 Failure to comply with this Agreement may result in the School ending the Agreement including automatic loss of the Laptop or suspension of use for a period of time.

18. Acceptance of agreement

- 18.1 By completing and signing the Student Resource Scheme Participation Agreement form which is included in: *Student Resource Scheme*
- 18.2 The Parent / Guardian is acknowledging they understand and accept the Terms and Conditions of this agreement.

Use and care of the laptop computer

Usage

- Don't use technology devices on soft surfaces (e.g. sofa, bed or carpet) because it can restrict airflow and cause overheating.
- Don't eat or drink whilst using the laptop.
- Avoid dropping or bumping technology devices.
- Don't place technology devices in areas that may get very hot.
- Don't get technology devices wet, even though they will dry and appear to operate normally, the circuitry could slowly corrode and pose a safety hazard.
- Follow all instructions given by staff.
- Login correctly and logoff when finished.
- Always shut down computers through the 'Start – Shutdown' mechanism.
- Always package, carry and store technology devices in appropriate and secure carry cases for transporting.
- Personalise technology devices with methods approved by the school, to ensure students do not get the devices mixed-up.
- Don't place objects on top of your laptop and never carry it around while it is turned on.
- Avoid exposing your laptop computer to direct sunlight or sources of heat such as desk lamps; dust, dirt, rain, liquids or moisture; heavy shock or vibration

Handling your laptop computer

- Try to avoid moving your laptop around when it is on. Before switching on, gently place your laptop on a stable surface and then switch on.
- You still need to be careful with your laptop while it is in the bag. Do not drop the bag from your shoulder. Always place the laptop bag gently down. You will be responsible for the cost of any damage to the laptop.
- Be careful when putting the laptop in the car that no other items are on top of it and nothing will roll onto the laptop bag.
- Laptops should be switched off before being placed into the bag.

Packing away your laptop computer

- Always store your laptop bottom down and with the LCD facing away from the front of the backpack.
- Do not wrap the cord too tightly around the power adapter or the cord will become damaged.

Care of laptop computer bag

- The bag should be fully zipped up before being carried
- The bag should be fully unzipped before removing the laptop to avoid non-warranty bag damage.

LCD screen

- LCD screens are delicate - they don't like being poked, prodded, pushed or slammed. Never pick up your laptop by its screen. Don't slam the screen closed and always be gentle when putting your laptop down.
- To clean your LCD screen:
 - Switch off your laptop computer.
 - Lightly dampen a non-abrasive cloth with water and gently wipe screen in a circular motion.
 - Do not directly apply water or cleaner to the screen.
 - Avoid applying pressure to the screen.

AC adapter

- Connect your adapter only to your laptop computer.
- Do not step on your power cord or place heavy objects on top of it. Keep your cord away from heavy traffic areas.
- When unplugging the power cord, pull on the plug itself, rather than the cord.
- Do not wrap your cord tightly around the adapter box.

Part D: Third Party Website Content - 1 to 1 Laptop Program – Participants' Agreement

Battery pack

- Once a week fully flatten your batteries. Then re-charge the batteries fully. This will extend the life of your battery cells.
- Do not tamper with the connections.

Keyboard

- Gently brush your keyboard with a clean soft bristled paint brush or similar to remove dirt.
- If any key tops are missing or keys are in a damaged state, take your laptop to Technicians to be repaired immediately. A single key top can easily be replaced but continuing to use the keyboard with a missing key top can result in having to replace the entire keyboard.

Case cleaning

- Wipe with a dampened non-abrasive cloth. Do not spray any cleaners directly on to the casing.
- Gently rub your laptop casing with the moistened cloth to remove any dirty marks.

Security

- Report any technology device fault or suspected virus activity to the nearest staff member.
- Undertake virus scans of computers after home usage and prior to reconnecting to the school's ICT network.
- Make regular backups of your saved work.
- Keep your login and password confidential.
- Don't tamper either physically or electronically with either hardware or software settings.
- Don't attempt or undertake any malicious behaviour towards the School's ICT resources.
- Don't attempt to make unauthorised access to ICT resources or entities.
- Don't have food or drink near the technology device.
- A good idea is to attach a fairly large name tag in a bright colour to the case or bag so it is easy to identify. Remember, over the life of the program this laptop may not be with the same student the whole time, and it may need to be returned for servicing at any time.

Software

- Don't copy any software from the school's ICT network or system.
- All technology equipment should only have operating systems loaded that are compliant with departmental standards.
- Keep your virus check software up-to-date. If your virus check software detects virus activity then carefully follow the instructions for removal and advise the nearest staff member. If unsure, quarantine your computer and disks and immediately consult with the IT staff.
- Always adhere to licensing and copying agreements.
- Never use technology devices to engage in illegal activity, including violation of copyright or other contracts.

Batteries

- Don't use incompatible computer batteries and chargers.
- Computer batteries can get hot during use. Do not use your computer on your lap.
- Have fully charged battery/batteries at the start of each school day. All charging should be undertaken at home, as the school will not have the infrastructure or resources available to charge batteries for every student.
- Don't permit a loose battery to come in contact with metal objects, such as coins, keys or jewellery.
- Don't crush, puncture or put a high degree of pressure on the battery as this can cause an internal short-circuit, resulting in overheating.
- Don't get your battery wet, even though it will dry and appear to operate normally, the circuitry could slowly corrode and pose a safety hazard.
- Follow battery usage, storage and charging guidelines found in the computer's user guide.

Wet weather

- Particular care needs to be taken during wet weather, whether at school or while travelling to/from school or at home
- Never drop your bag into a puddle, leave it out in the rain or where water might run, or have it otherwise unprotected from rain – if your school bag gets wet, your laptop might also.

CAVENDISH ROAD

State High School

Year 9 SRS 2023

Dear Parents/Guardians,

This letter includes important information about the fees and inclusions for the SRS. If you have previously opted in to the SRS your participation is assumed for the remainder of your child's enrolment, unless you inform the school otherwise by completing a new participation agreement form. If you are a new parent to the school, this information will assist you in making a decision as to whether you wish to participate in the SRS.

What is provided by the Queensland Government?

The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as textbooks, equipment for personal use, and many items used by the student in the classroom.

The SRS helps parents to source these resources. The school can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period of time are hired to students to further reduce costs for families. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources.

The types of resources that will be included are:

- **Owned by the student** – e.g. student diary – once provided, these items are retained by the student and used at their discretion.
- **Hired to the student** for a specific duration of time – e.g. textbooks or musical instruments—these items will need to be returned to the school in reasonable condition at the end of the hire period or if the student leaves the school.
- **Used in class** – e.g. stationery, timber, material, workbooks – these items will be used in class. Finished products that are created from these resources will generally come home with the student.

The Fee

Year 9 Textbook, Laptop 1-1 and Consumable Resources

If you are not satisfied that the SRS fee represents good value for money based on the inclusions (over the page), you may choose not to participate in the SRS. If that is the case, please complete a new Participation Agreement Form, indicating that you no longer wish to participate. If you choose not to participate, you will be provided with a detailed list of resources that you will need to provide for the student.

The TRA

The Department of Education provides a Textbook and Resource Allowance (TRA) to assist parents with the cost of textbooks and other education resources for eligible Years 7 to 12 students.

For those students who are eligible to receive the TRA, the TRA will be applied to reduce the cost of participation as shown in the table below. Thus the SRS invoice you receive will be the full cost of participation in the SRS minus the TRA already held at the school.

Please be aware that there may be two lines of charges on your invoice indicating the GST inclusive and GST exclusive fees depending on the resources supplied by the SRS .

Cost Breakdown

The diagrams below reflect how the TRA has been deducted from the SRS fee for eligible students who have opted in to the Curriculum SRS.

Cost of SRS	TRA	SRS fee due
\$811.00	— \$136.00	= \$675.00

If you have opted to pay the SRS by term instalments you will receive an invoice for the full amount and term instalments of \$225.00 will be due on the following dates: 27 February, 2023, 1 May 2023, 24 July, 2023.

Financial Difficulty

If you would like to participate, but are experiencing financial difficulties, please contact the school to arrange an appointment to discuss options. Any information that you provide will be confidential.

Release of resources

Resources will not be distributed until the full or first payment has been paid to the school. Any unpaid invoices, will be managed according to the department's Debt Management Procedure and may result in the student being excluded from the scheme and/or from participating in extra-curricular activities until payments are made.

Return of hired resources

A repair or replacement cost will be charged to the parent for any items that are damaged or not returned.
