## **EXCELLENCE ACADEMY CONDITIONS**

**ENROLMENT:** The total school and year level enrolment is determined prior to the year of entry to ensure all in-catchment applications are accommodated and our school remains within its enrolment capacity. Students are selected for Programs of Excellence based on comparative merit. Students wishing to enrol in a Program of Excellence in specialist sports must also meet comparative academic standards and progressed to enrolment within the school's capacity for the year of entry.

**ELIGIBILITY:** Each POE has explicit criteria for entry, performance and other attributes. Please refer to the individual POE for further information.

**TRIALS:** Candidates for Sporting Programs of Excellence are required to attend trials conducted by specialist staff. Please refer to the sports Program of Excellence for further details. Students are either recommended or not recommended for inclusion in the Program of Excellence.

**FEES:** Parents/carers should consider the total costs of schooling associated with selection into a Program of Excellence. A fee may be charged for trials in addition to the general enrolment processing fee that applies to all out of catchment enrolment enquiries. An annual fee for participation in the Program of Excellence is levied. See the note of the requirement to remain financial to continue in the POE once successfully enrolled.

**CODE OF CONDUCT:** Programs of Excellence require students to conduct themselves and maintain high standards of behaviour and academic progress. Academic programs and behaviour are monitored. Students will be withdrawn from the Program of Excellence upon referral to the Principal where progress and behaviour is not of satisfactory standard.
