

Code of Conduct

Last updated 18/05/15

Rationale

At Cavendish Road State High State we believe that our students will learn to be people of integrity who will develop the strength of character to live as moral and ethical citizens who contribute positively to the society in which they live.

We believe that the Responsible Behaviour Plan: courtesy, consideration, co-operation, commitment and challenge will continue to have an impact on our students and assist them in becoming tolerant, culturally aware members of their community.

In our increasingly complex world we consider that it is important to work with our students to encourage and develop flexible, creative and critical thinkers with the skills to solve problems and find solutions rather than be overcome by difficulties.
