### Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Assigning tutoring hours, and extra teacher aide time for classroom support, implementing and analysing test data to inform differentiated teaching
- Tracking student progress and responding with intervention strategies for students under performing and extend higher performing students
- Continuing with whole of school reading and writing programs to maintain literacy and numeracy above nation comparisons.
- Providing professional development and coaching to deepen teachers' understandings of the Australian Curriculum and providing targeted and scaffolded instruction to secure highly effective teaching.
- Developing a shared understanding of 'data literacy' and supporting teachers and leadership teams to effectively use data to inform targeted teaching.
- Employing a teacher as a Thinking Coach to student critical and creative thinking skills
- Strengthening the case management approach for students to maintain 100% QCE or QCIA attainment and greater than 85% OP 1-15, maintain A-C pass rates above 90% and improve the number of students in the upper 2 bands
- Continuing commitment to Indigenous, EALD and SWD students by employing an Indigenous Community Liasion Officer and increasing Speech Language access
