From the Principal

School overview

Our school was established in 1952 and is situated on the corner of Cavendish and Holland Roads, Holland Park, 6km from Brisbane. Current enrolment (2020) is 1937 students and predicted to increase to capacity of 1955 students in 2021. 20% of our students come from NESB and 3% of indigenous heritage. Cavendish Road SHS is an Enrolment Managed school.

Our school motto is "Nil Sine Pulvere" (Nothing without Effort, Nothing but the Best) and 4 signature pillars are foundation to learning: Tradition, Innovation, Excellence, Community. High expectations, inclusion and opportunity is our ethos. Our school is high performing and student outcomes amongst the best in the Region and State. High standards, and a strong wellbeing focus pervades school community culture.

Student leadership and governance reflect leadership across the 4 Pillars of Learning and student council provides students with a voice, citizenship and community connection. Peer support and pastoral care programs are explicitly taught and students' personal accountability for their behaviour, presentation and being contributors to the school and broader community are fostered. Innovation and philanthropy are signature to our school. Student Prefects are inducted in Years 9 and 12.

Our pedagogical framework seeks to be contemporary, creative, effective and impactful to student learning growth and achievement. Our school prides itself in being foremost as a school of scholarship and programs of excellence in academic and sporting fields provide depth to school culture, pride and belonging. The new Queensland Senior is being implemented with compliance and very high levels of quality assurance, engagement and professional involvement.

Learning is enriched in both depth of authentic learning experiences provided to students and through Programs of Excellence, Academy of Ideas, Instrumental and Jazz Music, Football, Netball and Touch Football, and Academic Explorers co-curricula programs.

Student achievement, behaviour and effort results regularly exceed 95% A-C grades and 70% of students achieve A-B grades. Our academic and NAPLAN results are consistently above the State and Nation.

Our school performs exceptionally well in State and National Awards including OptiMinds, Mathematics, Science, ICAS competitions, and in Music.

Post-school success and pathways are achieved above State and Nation. Students may study University subjects whilst at school and guaranteed entry programs into Science, Mathematics, Engineering, Health Sciences and Business degrees through our education partners the University of Queensland and Griffith University.

Facilities include extensive sporting facilities, a well equipped gym, tennis courts, basketball courts, volleyball courts and curated ovals. Learning technology is well resourced and a student laptop program operates Years 7-9 and a BYOx years 10 to 12, with 98% participation rate. Our school has well resourced classrooms, scientific laboratories, arts facilities, auditorium, state-of-the-art Sports and Performing Arts Centres.

Parent participation in our student resource scheme is exceptional and our P&C is active, supportive of school vision and priorities. The P&C conducts profitable business units such as the school Canteen and Uniform shops to assist parents to provide schooling requisites for their child. School leadership and staff enjoy and work to maintain respectful working relationship with parents and carers. Our school maintains very high rates of satisfaction within a narrow range above or at like schools compared to region and State year-on-year.

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

Average class sizes

Year 7 – Year 10	25	24	24
Year 11 – Year 12	20	19	19

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided

opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	144	123	59
Long suspensions – 11 to 20 days	9	2	6
Exclusions	6	8	2
Cancellations of enrolment	3	2	1

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Respectful and productive relationships are expected, fostered and modelled. Much work has been done to build and maintain a positive school culture and adopt pro-active measures to matters of student discipline, wellbeing and intervention. Strategically, fostering parental engagement and communications, increasing Guidance Officer allocation from 2 to 4, broadening the executive leadership team and clarifying roles has line of sight to much fewer number of SDAs.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	554,661	508,301	550,585
Water (kL)	12,490	9,866	11,795

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.

2. Enter the school name or suburb of the school you wish to search.

A search interface with a text input field labeled 'Search by school name or suburb', followed by three dropdown menus labeled 'School sector', 'School type', and 'State'. A magnifying glass icon is on the right.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

A rectangular button with a thin border and the text 'View School Profile' in the center.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

A horizontal navigation bar with several tabs: 'School profile', 'NAPLAN', 'Attendance', 'Finances', 'VET in schools', 'Senior secondary', and 'Schools map'. 'Finances' is the active tab.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

- https://cdn.qct.edu.au/pdf/Policy_Teacher_registration_eligibility_requirements
- <https://www.qct.edu.au/registration/qualifications>

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

Notes:

1. The apparent retention rate for Year 10 to Year 12 = the number of full time students in Year 12 expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).
2. *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://cavendishroadshs.eq.edu.au>.
